About the Community College:-

COMMUNITY COLLEGE is an Alternative system of education which aims to empower individuals through appropriate skill Development Leading to gainful Employment in Collaboration with the local Industry and Community. It serves all segments of society through an open access Admissions Policy that offers equal and fair treatment to all Students. In which, Teaching is mainly focused on skill development.

About the Angel Community College (ACC).

ANGEL COMMUNITYCOLLEGE is a Unit of The Angel Foundation; it is established in the year 2018, by Mr. Tejalsinh Rathwa, with a vision to improve people's lives and their livelihoods through Vocational Education.

It is started to develop the community in the area of skill development through the dynamic skill development training programs for the youth, which will help themselves to develop themselves in such a way that they are in the position to go for the good social and professional life in the modern society.

We have a very good network with the skills development authorities across the Gujarat to make the skill development programs. We have also a strong network with the industry& hospitals across the Gujarat for the placement support to our students for their future job.

ANGEL COMMUNITY COLLEGE is also in associated with many Universities for distance learning programs for the skills development.

At ANGEL COMMUNITYCOLLEGE we offer all level of programs such as short- & long-term courses, Central & State Govt. paid skills development courses, Central & State Govt. free skills development courses, Central & State Govt. projects for skills development, Universities courses and ACC's different types of skill development courses.

In our past we have done the many Central & State Govt. projects in which we have train the numbers of students and develop their skills and help them to get their desired job. And while doing this we also help the society in the area of skill development and while doing all this we have a very good experience to sharp the future of the students in the area of skills development through the Vocational Education.

We have not just educated our students with our skills educational programs but with our strong industry and hospital's network we also placed them and change their life along with their family's life.

And at the last ANGEL COMMUNITY COLLEGE is always welcome to all who are interested to join with us for the skill development of the youth in the society.
